SUREKA GROUP OF COMPANIES

Established way back in the year 1937, our activities began as marketeers of Industrial products, with an emphasis on Textile Machinery & Consumables.

Right from 1951 onwards we have been holding direct franchises from Companies in Germany, Switzerland and U.K. for marketing their products. While the Textile business continues to expand multi-directionally, we have integrated ourselves into a group of Corporate engaged in diverse activities.

Diversification of our operations in the Contracting field include infrastructure, Civil Construction, Erection of Pre-engineered Buildings, False Ceilings, Fire Proofing and Hot & Cold Insulation and Specilized industrail flooring using Laser Screed machines

Personnel from different areas of expertise synergize to make available to our customers services of varied nature. Over the years we have had the opportunity to work for prestigious National level and Multi-National Companies spread throughout the Country.

The Construction activity we and our associates are engaged in covers railway earthwork and bridges, Industrial buildings, houses, schools, health centers, Indoor Stadia and even a Cricket Stadium. The following pages include illustrations of some of the jobs executed by us. Also forming part of this presentation are lists of some of our prestigious clients and the projects we are currently executing.

For us, there could not have been greater satisfaction than to have found faith of our different clients for precision of working and timely execution. The jobs repeatedly entrusted to us by many of the clients are testimony of their confidence.

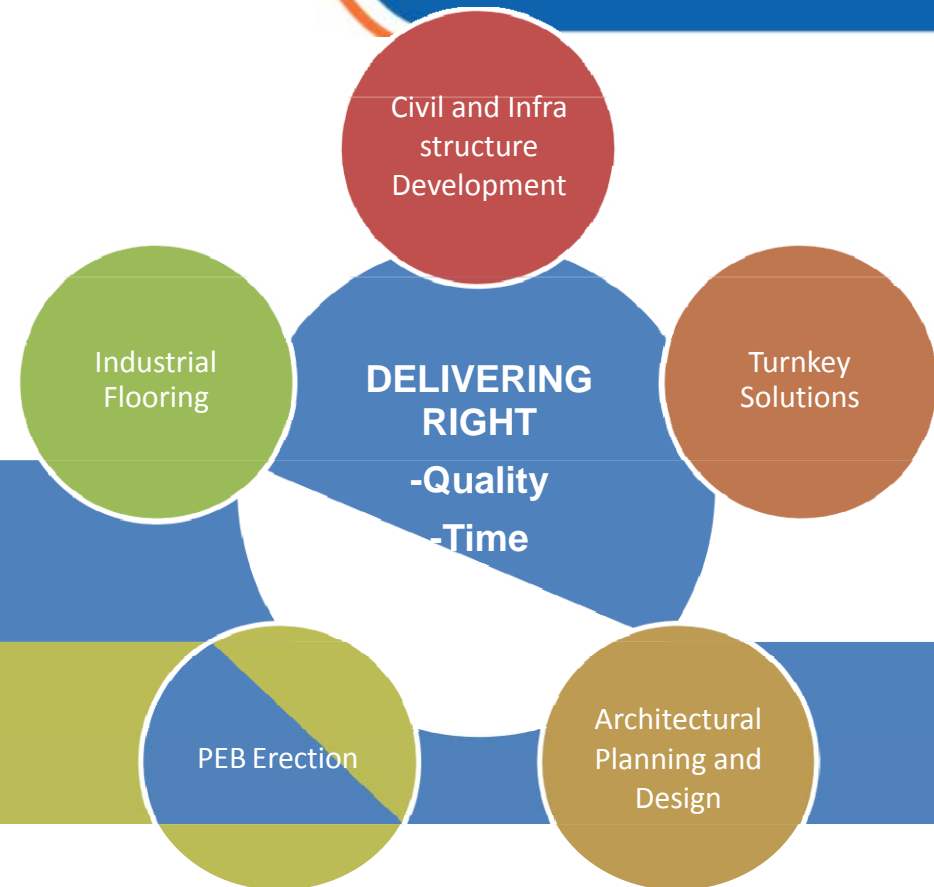

ABOUT ABHINAV INFRABUILD PVT LTD

Abhinav Infrabuild Pvt. Ltd. is a construction company engaged Civil Construction, erection of Pre-engineered Buildings, Road Construction, earthwork and infrastructure developments.

PROJECT TYPE : TURNKEY

We provide a one-stop solution with super quick delivery. We have completed a 10,000 square meter warehouse in 120 days including designing by our own in-house architectural design team.

Formwork

1. Lightweight modular formwork

2. High-density plastic formwork

Our own Scaffolding Rental Company ensures that AIPL never faced any shortage of scaffoldings and MS Shuttering material.

SURE FLOORS: OUR FLOORING DIVISION

FLOORING SERVICES:

- CONCRETE FM-2 FLOORS AS PER TR-34
- SFRC LASER SCREED FLOORS
- JOINTLESS- SEAMLESS FLOORS
- SUPER FLAT FLOORS
- VNA FLOORS
- POLISHED CONCRETE FLOORS

“Kudos to Sure Floor team for the fantastic job executed at the site of Empire Logipark. The laser screed floor is really well executed particularly first for them and first for Indore probably. The ASE team was delighted to experience this visit. Once again congratulations to the whole team & Engineers connected with the project.”
Er. Deepak Shah (Consulting Engineer, Indore)
